Do you have any needs that might require special placement (i.e. physical disability, allergies, etc.)?

Please include any additional information you would like to tell us:

All students are required to live on campus except those who reside with immediate family members who are residents in the Macon area. If you live with your immediate family in the Macon area and do not plan to live on campus, you must fill out a "Change of Resident Status" form and be approved for non-resident status. Wesleyan is committed to helping students learn tolerance and respect for differences in roommates and others: this is essential for successful community living. Wesleyan does not discriminate on the basis of race, color, national and ethnic origin, religious preference, or physical handicap.
